

HOW TO SCORE PRACTICE TEST 1

Section I: Multiple Choice

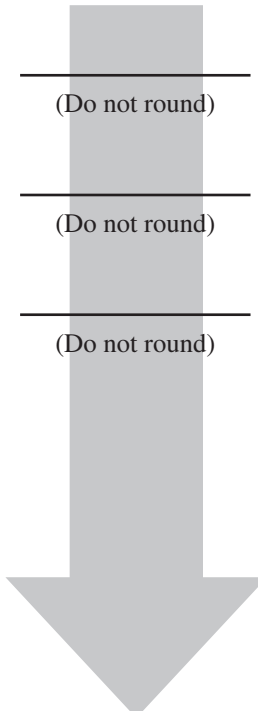

$$\frac{\text{Number Correct (out of 60)}}{\text{Number Correct (out of 60)}} \times 1.25 = \frac{\text{Weighted Section I Score (Do not round)}}{\text{Weighted Section I Score (Do not round)}}$$

Section II: Free Response

Question 1: $\frac{\text{Score (out of 7)}}{\text{Score (out of 7)}} \times 3.5714 = \frac{\text{Score (Do not round)}}{\text{Score (Do not round)}}$

Question 2: $\frac{\text{Score (out of 7)}}{\text{Score (out of 7)}} \times 3.5714 = \frac{\text{Score (Do not round)}}{\text{Score (Do not round)}}$

Question 3: $\frac{\text{Score (out of 7)}}{\text{Score (out of 7)}} \times 3.5714 = \frac{\text{Score (Do not round)}}{\text{Score (Do not round)}}$

Sum = $\frac{\text{Weighted Section II Score (Do not round)}}{\text{Weighted Section II Score (Do not round)}}$

Composite Score

$$\frac{\text{Weighted Section I Score}}{\text{Weighted Section I Score}} + \frac{\text{Weighted Section II Score}}{\text{Weighted Section II Score}} = \frac{\text{Composite Score (Round to nearest whole number)}}{\text{Composite Score (Round to nearest whole number)}}$$

AP Score Conversion Chart Human Geography	
Composite Score Range	AP Score
107–150	5
90–106	4
73–89	3
56–72	2
0–55	1
